Dear Friends,

My name is Rich Lotterhos and I give leadership to Global Service Associates. I am writing to you regarding our friends, John and Ellen Fleming.

**The purpose of Global Service Associates is to create a place for experienced Christian Leaders to fulfill their God-given mission to advance the Kingdom of Jesus Christ so that the whole world may have a chance to know and follow Jesus.** With an ever changing world in the 21<sup>st</sup> century we desire that God would give us new expressions of “going into all the world to preach the gospel” and make disciples of Jesus Christ.

Our kingdom-focused leaders serve in a variety of ministries, from discipleship and church-planting to justice and mercy, and to soul care. Our vision is a growing community of spiritually gifted men and women who will provide sacrificial service in the places where God assigns them.

**I’m so thankful and grateful that God has called John and Ellen to invest their lives to bring Gospel hope and healing to men whose lives have been devastated by addictions and compulsive use of pornography.** Their ministry also extends to the whole family unit affected by addictions. The epidemic of these problems in the world and in the global church is ruining lives and destroying what God designed to be so pure and life-giving in marriages and families.

**Please join me in praying for John and Ellen as they transition from Cru and welcoming them into their new calling through Global Service Associates.** I too served with Cru before God called me to begin the adventure of serving missionaries and their families. So, I understand from my own transition and more than forty years of ministry the challenges the Flemings face.

John and Ellen are focused in a ministry of huge need with, ironically, very few Christian laborers. As ministry partners of the Flemings, I want you to know that they will be working with a small number of ministers of the gospel that are engaged in this area of service. I believe this will be a critical move for Kingdom impact in our nation. **Would you consider investing financially in their ministry? This Kingdom impact is needed now more than ever.**

**I also encourage you to continue to introduce them to others who will be encouraged to hear about their ministry to men and their families in America. May God Bless you!**

By His Grace and For His Glory,
